

# Popular for iOS

Last Modified on 05/01/2020 4:05 pm EDT

Directly below the My Bookmarks section is the Popular section. This section provides a list of popular content for a users perusal.

The story is represented by by an image. Next to the image will be the title. Below the title is the author. Below the the author users have a couple options.

1. By tapping this button, users will bookmark the story and the story will be logged in their bookmarks. To learn more about bookmarks go to [Bookmarks](#).
  2. By tapping this button, users enable notifications on this particular story. For more information on notifications go to [Notifications](#).
