

Resetting Your Password WebApp and iOS

Last Modified on 10/23/2019 1:11 pm EDT

iOS App

The Zunos iOS App can be downloaded using the following [link](#). Please note that if your account has been deactivated a password reset will not work. You will need to contact your account administrator or contact Zunos Support.

Forgot or haven't received a password?

1. Enter your Username (typically your email address)
2. Choose to email yourself a magic link
3. You will receive an email, open the link in the email on your iOS device and it will log you in on Zunos.

Request a forgot password email & change your password

1. Enter your Username (typically your email address)
2. Choose to type your password
3. Tap **Forgot Password** and check your inbox shortly after, open the link the follow the prompts to reset your password.

Update your password from inside the Zunos

1. Tap the Cog icon in the top left corner
2. Tap **Accounts**
3. Tap your username
4. Tap **Change Password**
5. Enter your current and new passwords
6. Tap **Change** in the top right corner of the pop up window to save your updated password

The Zunos WebApp can be accessed using the following link: app.zunos.com

Forgot or haven't received a password?

1. Enter your Username (typically your email address)
2. Choose to email yourself a magic link
3. You will receive an email, open the link in the email on your computer and it will log you in on the Zunos WebApp.

Request a forgot password email & change your password

1. Enter your Username (typically your email address)
2. Choose to type your password
3. Tap **Forgot Password** and check your inbox shortly after, open the link the follow the prompts to reset your password.

Update your current password after login

2. Click **Account Details**
3. Click **Change Password**
4. Enter your Current and New Password
5. Click **Change** in the right corner of the pop up window to save your updated password

Tip: If you are still experiencing issues resetting your password or accessing your account, contact support@zunos.com with a brief description of your issue and we'll get back to you right away.

Note: When resetting your password, you will notice a password complexity indicator visually displaying the strength of the password you are creating.

Password Reset

Hi Finn,

Please choose and confirm a new password for your Zunos account.
