

Is Rich Content Supported?

Last Modified on 04/26/2021 10:15 am EDT

Yes! PowerPoint files are automatically converted to Rich Content when uploaded to ClearSlide.

Supported Rich Content for PowerPoint includes embedded hyperlinks, video & audio files, animated GIFs, animations and transitions.

ClearSlide also supports hyperlinks within PDF files. Please reach out to support@clearslide.com to have this feature enabled for your account.
